Sportsman's Code

Dear Lord,

In the battle that goes on through life,
I ask but a field that is fair,
A chance that is equal to all in the strife,
The courage to strive and to dare.

And if I should win, let it be by the code,
With my faith and my honor held high,
And if I should lose, let me stand by the road,
And cheer as the winners go by.

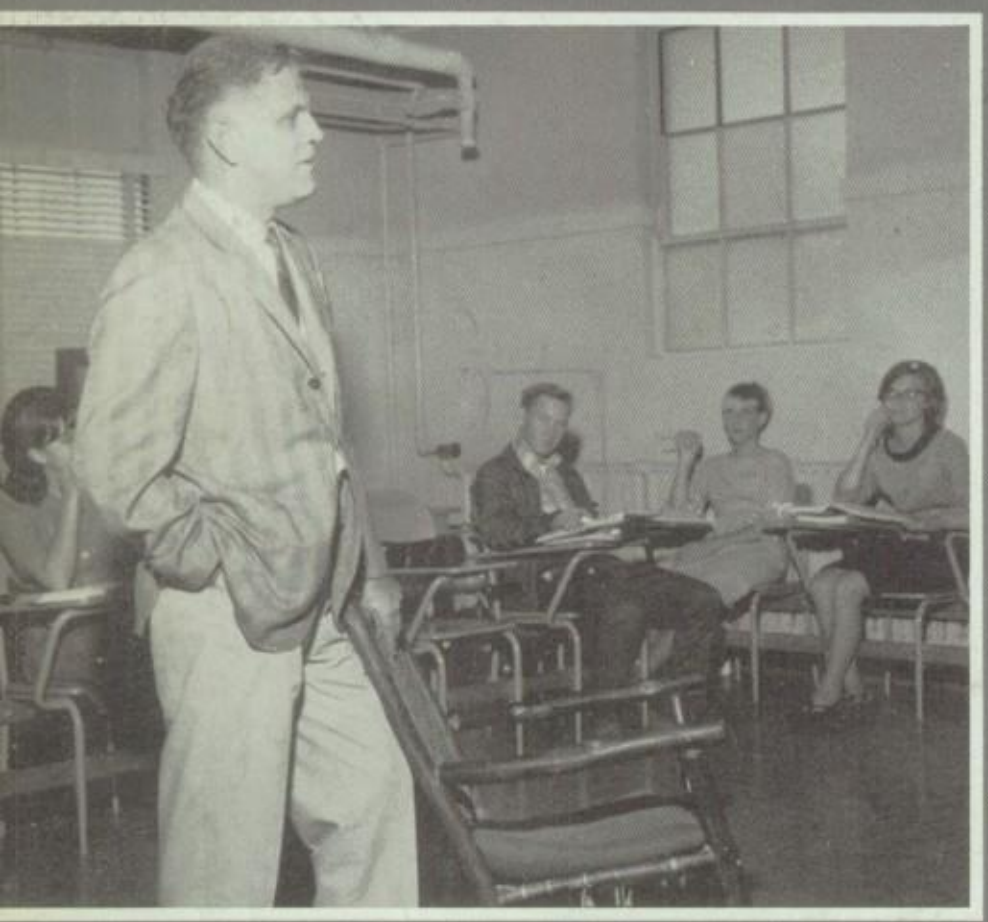
Administration and Faculty



Administration and Faculty

Undoubtedly, the focal point of every school is its principal. From this point emanates the policies and in many ways, the spirit of the institution. Obviously, the requisites for the man sustaining this responsibility are numerous and diverse. From personable "friend" to capable administrator; from dynamic personality to endless compassion; all this is required from the man who seriously considers that not only must education itself be maintained, but also the high standards which must accompany it.

Willard W. Goodhue, Principal of Bell

Mr. Goodhue has been principal at Bell High School for four years, coming from Huntington Park High School where he served as Vice-Principal. He received a B. A. from Occidental College and an M. A. from U. S. C. It is self-evident that that which Mr. Goodhue has contributed of himself to Bell High School and the community is, and has been of inestimable value to all of us.

Muriel Mellon
In Memorial

On June 17, Miss Muriel J. Mellon performed her duties as Girls' Vice-Principal for the final time, and walked out of Bell High School never to return again. A most fitting way to honor Muriel Mellon is pledge a willing heart and hand to respect and live up to the ideals and standards of Bell High School which she helped to instill in each student.
